16. A recent UCLA study showed that allowing same-sex marriage could add as much as a half a billion dollars to the New Jersey economy in tourism and wedding revenue over the next three years. Knowing about this study, does it make you more likely or less likely to support same-sex marriage in New Jersey, or does it make no difference to your opinion?

23. New Jersey law prohibits discrimination against transgender citizens - people who identify with a gender different from their birth gender. Nonetheless, a number of insurance companies refuse to cover medical treatments that doctors deem vital to gender transition. Do you consider this denial by insurance companies to be fair or unfair?
